2020 - our 50th Anniversary...

Fred Waldman and his wife Sue started Keylink in 1970 with a vision of being the key-link between UK businesses and Continental European manufacturers. So began Keylink as the first importer of fresh cream Belgian truffles to the UK. Since those early days, the company has developed considerably, first under Fred and Sue and then under my leadership since I took over in 1991. Keylink has moved on from finished confectionery to supplying everything anyone working with chocolate could possibly need, all in one place. But one thing has remained constant - Fred's passion for chocolate and his insistence on exemplary, friendly customer service remain at the heart of everything we do.

As we celebrate our 50th anniversary in 2020, the Keylink team is enjoying looking back at how far we have come, but with a keen eye also on where we are going. As ever, you can expect everything we offer to be delivered with an enthusiastic serving of inspiration and support! We'd like to sincerely thank all our customers, old and new, for your business and raise a toast (socially distanced) to the next 50 years of working together with chocolate!

CHANGING THE SHAPE OF CHOCOLATE

We've extended our range of Neapolitan, snacking, chocolate and bar moulds to bring you designs with a unique and modern twist. Coupled with your creativity you'll have an offering that will inspire and entice your customers.

TRENDS AND IDEAS

NEAPOLITANS were first produced by Terry's of York in 1899. Thin pieces of chocolate, neapolitans are perfect to enjoy together for family movie night, with a hot beverage or just on their own as a chocolatey treat.

Here are a few ideas on how to make your neapolitans that little bit more special.

- Use transfer sheets on the reverse.
- Flavour with our range of oils to create the classic mint thin or for something a bit different, orange and black pepper.
- Fill the elegant pistoles mould with dulce de leche, caramels, fruit gels or ganache.
- Mould with coloured and flavoured chocolates such as caramel, strawberry and lemon.
- Create a tasting box with various origin grades and flavour profiles.

Use coloured cocoa butters or Power Flowers to add an artistic flair to your neapolitans.

THE ON-THE-GO SNACKING TREND is set to stay so creating a range of snacking bars for your customers will provide them with convenient and delicious treats to enjoy.

Snacking bars are perfect to

- Create interesting layers of ganache, fruit gels and caramels.
- Add inclusions such as chewy fruit pieces, nuts and freeze dried fruit.
- Decorate the mould with cocoa butters, creative powders and colour sprays.

CHOCOLATE BARS are so versatile and with our new range of moulds you can create delicious flavours and designs that look fantastic and taste out of this world.

- Fill with decadent fillings and decorate with simple designs.
- Or go wild and take inspiration from Callebaut's Style Rebellion trend; loud colours, daring pairings and extreme textures!
- You can use foil to wrap any of the bars with our foil sheets and rolls and cut-to-size service for a more traditional feel to your bars.

SLAB moulds are ideal for making solid slabs of chocolate to break off and enjoy.

- Pair an origin chocolate with complementary inclusions.
- Create specific recipes and patterns using flavoured chocolate and inclusions.

How did we do it?

Here is how you can achieve this 'Ombre Effect' on your chocolate bars:

1. Using a toothbrush, dip in melted Black Cocoa Butter (SCR481) and splatter onto approximately one third of the bar mould at one end.
2. Once the cocoa butter has set, spray lightly with Bronze Creative Spray (SCR602) over the black cocoa butter splatters.
3. Once the decoration has set you can then pour the tempered chocolate - Gold Caramel (SCC609), into the mould.
4. Leave to set and demould as normal.

13 different brands of chocolate available from one place...

Every chocolate has its own flavour and personality,
and we stock over 130 different grades of chocolate,
ensuring that every taste is covered.

FAQs

How often will price band discounts be reviewed?	Every quarter, on the 1st of January, April, July and October.
How will my price band be set?	On each quarterly review date, your price band will be reset automatically based on your turnover for the previous 12 months. For example, if on 1st October 2019 your turnover for the period from 1st October 2018 to 30th September 2019 was £15,300, we would put you on a 10% price band giving you a 10% discount on all orders you place for the following 3 months.
What if I'd rather get order value based discounts?	Just let us know and this will be applied from the following quarter. Please note that if you choose to get order value based discounts, then you will need to remain on this structure for the following 12 months.
What if I order online?	All applicable discounts will be applied automatically when you order online.
How will I know what discount or price band I'm getting?	This will be printed on every invoice.

* Please note that all machinery (product codes beginning SEM) is not included in the discount structure. See our terms and conditions opposite.

Where a delivery date has not been specified by you, or you have not taken delivery of an order within one month of the scheduled delivery date, we will be entitled to deliver the goods to you and to receive payment for them.

Shelf Life

Many products have a specified shelf life from the date of manufacture. As products may reach us with only half of their full shelf life remaining and, as they may then be in stock at Keylink for a short period, we can only endeavour to ensure that products have at least one third of their shelf life remaining at the time they are supplied to you. If this is not acceptable to you, please notify us at the time of placing your order.

Where a delivery has to be booked in or is requested for a specific time, an extra charge may be made for this service.

Aborted Collections (UK Orders only)

If a collection is aborted because there is no one at the collection address, a charge of £10 may be made to cover the additional costs invoiced to us by our carrier.

Returns, Refunds & Cancellations

No goods are sold on a "Sale or Return" basis.

Orders for standard items may be cancelled at any time prior to dispatch with our consent however we reserve the right to refuse consent where items have been bought in especially for you.

Goods should be inspected at the time of delivery and any damages or shortages must be reported to us within 3 days of receipt of the goods for a credit to be given. If you are unable to inspect the goods at the time of delivery, please ensure that the goods are signed for as "goods unchecked" from the carrier. Without this, we will be unable to make a claim from the carrier for damages.

If goods are ordered incorrectly and where we are able to accept them back, there may be a handling charge linked to the size of the consignment. In no circumstances will we accept goods back if they have been opened or returned to us in poor condition or with the original packaging marked or damaged. Orders for personalised products or 'To Order' items that have been brought in especially for you cannot be cancelled after confirmation of the order.

1. Customers should not rely on website filters but should always refer to the product specification
2. Customers should always check that they have the most recent version of a product specification
