Easter highlights

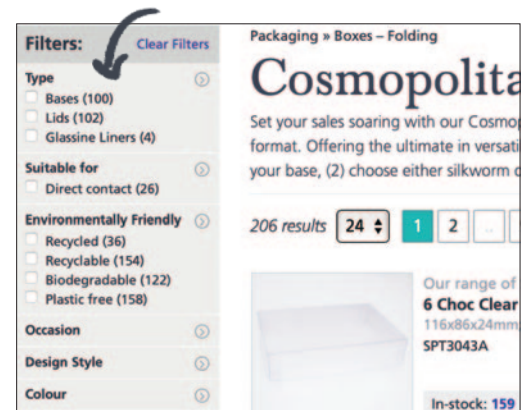

Chocolate has always been a delicious feature of special occasions and holidays, but a small positive to have come out of the chaos of the past year is the trend of celebrating whole seasons, as we tune in more to the natural world beyond our windows. Spring wreaths on doors, seasonal flavours in food and bringing the outside in... it's the perfect antidote to screen time and the winter blues! In chocolate, it's your chance to sell treats that reflect the time of year, not just specific dates.

As Robin Williams once said, "*Spring is nature's way of saying, 'let's party!'*" With all the cheerful colours, that sense of a fresh start and the lighter evenings Spring brings, we couldn't agree more! That's why we've brought Spring, Valentine's Day, Mother's Day and Easter together in one glorious festival of our creative products, right here.

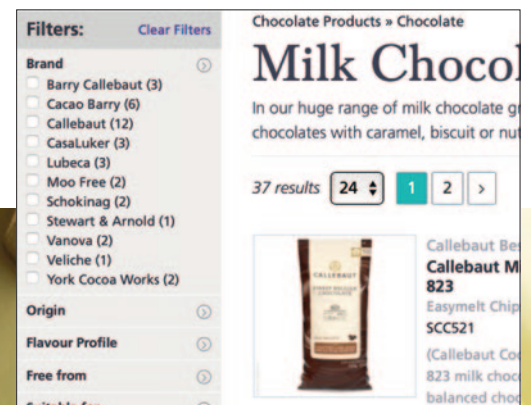

All they need now is for you to make them dance!

Valentine Transfer Sheets

Transfer sheets are used to print a design directly onto chocolate, allowing you to create fantastic and colourful designs on your pralines, patisserie and gateaux. The designs will look different when used on different colour chocolates. All the transfer sheets are PET and are recyclable after use. Many IBC transfer sheets are non-AZO see - keylink.org/knowledgebank for more information.

YOUR LOGO ON TRANSFER SHEETS?

Who can resist the exclusivity of a beautiful chocolate with your own logo or fabulous dessert with your own design? Use transfer sheets to create that personal touch. A cost effective and stunning way to ensure your chocolate and patisserie stand out from the crowd. Personalised transfers are available in the standard sheet size of 300mm x 400mm.

Transfer Sheets - 300x400mm sheets - min order 2 boxes of 140				
No of Colours	Origination (One-off cost)	Price per Box	Pack Size	Price per Sheet

5 Colour	£264.64	£495.58	2 boxes of 140	£3.54

Creating personalised transfer sheets is a very straightforward and relatively quick process. All you need to do is...

- 1** Submit your artwork
- 2** Sign off your proofs
- 3** Place your order

To create your artwork: Please submit a high res image (300dpi at actual size) as a JPEG or PDF file.

Please note : If you are able to provide this as a vector file, that would be very helpful in making sure that the final artwork is as high quality as possible, especially with more complicated artwork. If you don't know how to create your artwork - speak to your local designer, or if you need us to put you in touch with a designer please contact us.

The pictures illustrate how the designs may look on the colour of chocolate they have been used with in the examples shown and will look different when used on a different colour chocolate.

Stencil Mats for Chocolate Work Subject to VAT

 **Buy Now**
[CLICK HERE](#)

These reusable stencil mats are designed to create your own chocolate plaquettes and are available in a variety of shapes. Use either personalised transfer sheets (see page 9) or designs from our huge range of transfers (see pages 8 & 34). If you prefer chocolate plaquettes un-decorated, use our PVC sheets (SEA281/SEA282) or 'Guitar' sheets (SEA283/SEA284) to create a smooth/shiny finish.

SMD630	Stencil Mat 029; 30mm x 35mm Heart	56 prints per mat	€20.58	each	€20.58

- Choose the shape of stencil mat you require and place either onto a transfer sheet design of your choice or onto a plain PVC sheet (SEA281/SEA282).
- Apply tempered chocolate onto the positioned stencil.
- Spread the chocolate in one direction with a palette knife to obtain a flat surface.
- Before the chocolate is completely cool, carefully remove the stencil from the transfer/PVC sheet.
- Avoid pulling the stencil too high, keep it low by putting your hand over it.
- The transfer (if used) stays on the chocolate.

Rectangular and Square Rigid Boxes

Whether with a solid lid or clear, our range of rigid boxes are strong and sturdy and ready to show off their contents in style! You can add our bespoke vacform inserts (see page 16) to increase the perceived value - and your profit margins. If your chocolate assortments command greater flexibility, dividers may solve your dilemma - and postal boxes, perhaps with the addition of 5-ply cushioned glassine, will ensure they arrive safely when posted.

All the dividers are supplied packed flat in bags of 100.

Before putting them in the boxes, it is important to firmly fold each crease line to prevent the dividers from popping out of the box.

Tip > For ease, you can use double sided tape to securely fix the divider into the box.

White Raised Platform Bases (7mm)

These raised platform bases are designed to fit into the bottom of boxes in order to reduce the depth of the box. They can be used with the vacform inserts or glassine cases and are ideal for smaller chocolates.

Please note: the raised platform bases and dividers cannot be used together.

Folding Stick Boxes

Neatly package your chocolates or neopolitans with our folding stick boxes, which are fully recyclable. You can choose the base and a slide-on sleeve of the same colour, or mix and match if you prefer. We have provided insert dividers to separate into three or four compartments that are suitable for direct contact. Stick boxes and sleeves are supplied flat for self-assembly. You can choose to have your logo hot-foil blocked onto the sleeves (see page 43).

EASTER EGG MOULDS

Our Easter egg moulds section features many sizes and styles, as well as ideas for making them unique to you! Where possible we have provided packaging suggestions too.

 Watch our video to see how it's made.

Meet the lattice egg!

Made with dark chocolate, this elegant design features a lacey egg with a smaller, shimmery egg nestled within.

TOP TIP!
 Allow chocolate to cool and thicken before piping the lattice for a 3D effect

To make the finished, packaged egg, we used...

Inner egg mould: SMF5930

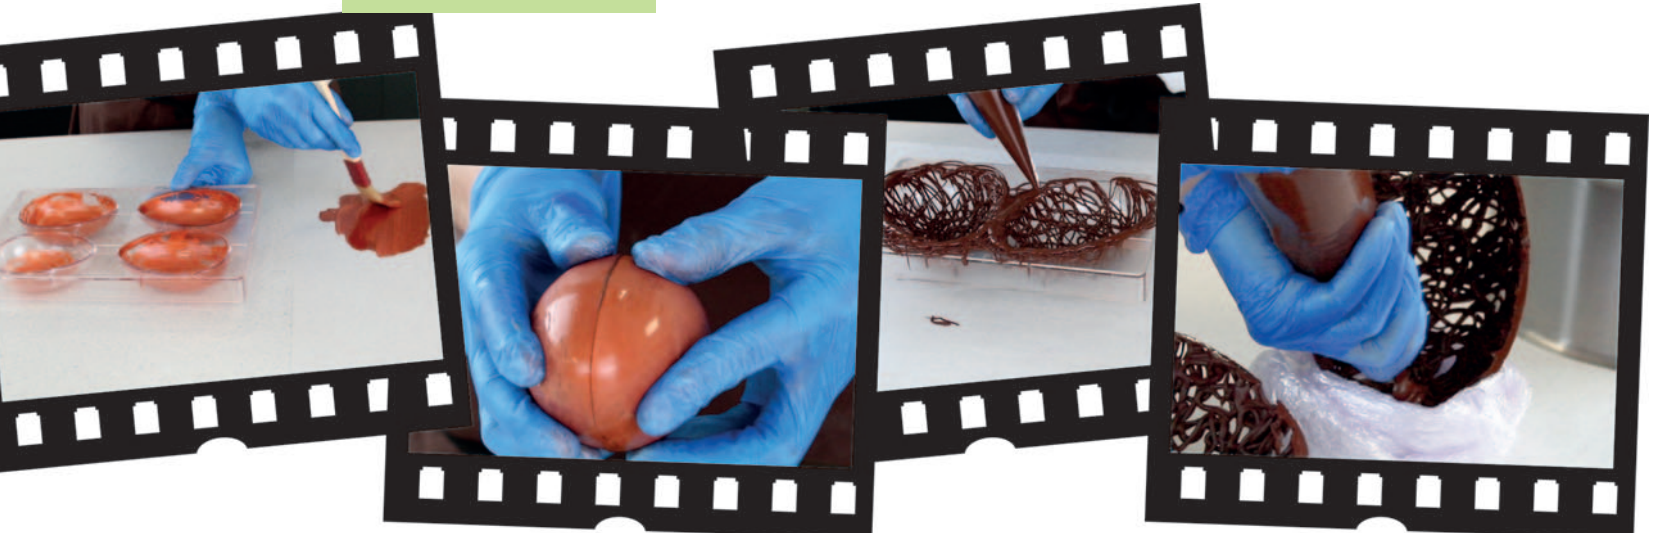

Outer lattice-effect mould: SMP3304

For decorating the smaller egg: Copper creative powder SCR462

Clear box: SPT1118/P or SPT1119/P

Cosmopolitan White insert: SPC3287A

Pull-bow ribbon in copper: SPM7062

Easter Egg Moulds, Boxes and Inserts

To give your Easter eggs the packaging they deserve, choose the mould and size of box you need and then pick your coloured insert to fit.

PLEASE NOTE: We recommend that these inserts are used with SMF5930 (70g) or SMF5932 (120g). However, if you add lots of inclusions the eggs may become too heavy to sit well in these egg inserts.

HOW TO USE YOUR CHOCOLATE BLISTERS

3. Repeat steps 1 & 2 for a thicker chocolate shell.

1. Fill the blister with the tempered chocolate of your choice. Vibrate the blister to remove the air bubbles.

2. Pour the excess chocolate from your blister.

4. Let the chocolate set completely in your blister.

5. Then you can unmould the egg halves.

Bag (SPT3668), egg support stand (SPC1046F) and bow (SPM9622).
Blister egg shown is SDS579.

Blister egg (SDS579) is shown using Mona Lisa Crispearls in white chocolate (SDS885) as a base. Bag (SPT3664) and pull bow ribbon (SPM7062).

Decorating your Easter eggs and chocolates

Inspiration

TIPS & TRICKS

This design was created by making a chocolate egg and spraying it with white cocoa butter (SCR473) using the spray gun and compressor (SEA147 & SEA149). Then with a toothbrush flick yellow (SCR476), green (SCR471) and red (SCR474) cocoa butter around the egg.

To create this ombré design of pink into white. Spray the top part of the egg mould with pink cocoa butter (SCR477) and then spray the bottom part. Spray over the pink and inside the whole egg with white cocoa butter (SCR473). Shell with chocolate.

To create this golden egg, spray the inside of the mould with gold creative spray (SCR600) and allow it to dry. Shell with chocolate.

Transfer Sheets

Transfer sheets are used to print a design directly onto chocolate, allowing you to create fantastic and colourful designs on your pralines, patisserie and gateaux. The designs will look different when used on different colour chocolates.

All the transfer sheets are PET and are recyclable after use. Many IBC transfer sheets are non-AZO see - keylink.org/knowledgebank

Texture Sheets

Texture sheets are a great innovation for creating a patterned texture on your chocolates! You can use them in the same way as transfer sheets, but they're re-usable and you can use either side for different effects. You can also spray them with colour or brush on shimmer powders before you add the chocolate. Texture sheets are subject to VAT.

TRANSPARENT FOLDING BOXES

Ideal when you want your products to be visible from all angles! We can also supply platform bases for some of the sizes, as well as bespoke flat base cards in our range of Cosmopolitan colours, cut to size. These both strengthen the base and provide a colourful backdrop to your product. All the boxes are supplied flat-packed. Boxes with a four-flap base require simple assembly, whilst those with a quicklock base just snap into shape.

HOT-FOIL BLOCKING

We keep a large number of foil colours in stock so usually we can closely match the colour you require.

Most of the boxes and bags in our range can be printed with a hot foil blocked name, logo, or greeting. Although gold and silver are the most popular, a wide range of other colours are also available for one or two colour blocking. Please be aware that in our busiest periods (such as November and December) lead times may be longer, so please allow more time to be certain of getting your packaging personalised.

	Bags	Boxes/sleeves	Crashlock Ballotins
Blocking Die - Up to 125mm ² (5")	£35.00	£35.00	£35.00
Set-up Charge (per colour)	£9.00	£9.00	£9.00
Blocking Charge per unit (per colour)	£0.15	£0.15	£0.15
Crashlock Ballotins Assembly Charge 125-750g (each)			£0.10

Please note: When ballotins are blocked, this includes assembly and supply with the glassine paper packed separately in bundles. If customers require the glassine papers to be inserted into each ballotin, this will be charged extra as an additional assembly charge

Costs

The foil blocking service involves a one-time charge per blocking die, a set up charge per colour and a blocking charge per unit/per colour. The costs shown assume that we are provided with camera-ready artwork (as a high resolution pdf file). **An artwork specification is available on our website: <http://bit.ly/31ZlYqO>**

If this is not available, then we can recommend a designer who will help to produce camera-ready artwork. As a rough guide, the costs would generally be somewhere between £30 and £70 depending on the size and complexity of the design.

Notes

1. Boxes/bags can only be blocked in lots corresponding to the pack quantities in which the item is sold. This will also be the quantity invoiced.
2. There is inevitably some spoilage during the set up process (usually no more than 10 units whatever the run length) so the quantity supplied will be slightly less than the quantity invoiced.
3. Blocking dies will be disposed of if not used for two years. If you wish to keep them, please let us know and we can send them to you.

Callets™ Sensation Subject to VAT

100% chocolate pearls with extraordinarily high gloss. With Callebaut Callets™ Sensation you'll seduce your customers with the great taste of Belgian dark chocolate and their shiny, pearl-like shape. Their high gloss is obtained 100% naturally, through time-consuming panning in copper drums – no shining agents are used. Re-packed in bags or boxes, Callets™ Sensation are the perfect gourmet chocolate snack. They're also ideal to decorate cakes, or to add a refined finishing touch to desserts and confectionery.

Plain and Decorative Hard-Bottom Bags

Hard-bottom bags are constructed from polypropylene film with a piece of card glued into the base of the bag such that, when they are filled, they are able to stand unaided on a flat surface. Please note in some cases the same size bags are available with either silver or Kraft card bases (different codes) – see below.

Natureflex™ Biodegradable & Compostable Bags with fitted card bases

This range of Natureflex™ hard-bottom bags are made from Natureflex™ film which is both biodegradable and compostable in compliance with EN13432. This film breaks down within a natural environment within 22 days and actually helps to enrich the soil in the process. The brown card bases are manufactured from paper pulp sourced from managed sustainable plantations. Please note that we do not recommend foil blocking as it will affect the biodegradability and compostability. They are heat sealable.

RIBBONS AND BOWS

As well as being functional, ribbons add a sense of 'hooray!' to your packaging! You will find pull-bow ribbons, fabric ribbons in satin, grosgrain, organza, tartan, raffia and printed, metallised and curling ribbons! Also in the range are elasticated cords and loops, and twist ties.

Pre-tied Bows

High-quality double-faced satin ribbon on a twist-tie fastener makes an easy and convenient way to close bags and add a flourish in one fell swoop.

FAQs

How often will price band discounts be reviewed?

Every quarter, on the 1st of January, April, July and October.

How will my price band be set?

On each quarterly review date, your price will be **reset automatically** based on your turnover for the **previous 12 months**.

For example, if on 1st January 2022 your turnover for the period from 1st January 2021 to 31st December 2021 was £12,500, we would put you on a 5% price band giving you a 5% discount on all orders you place for the following 3 months.

What if I'd rather get order value based discounts?

Just let us know and this will be applied from the following quarter. Please note that if you choose to get order value based discounts, then you will need to remain on this structure for the following 12 months.

What if I order online?

All applicable discounts will be applied automatically when you order online.

How will I know what discount or price band I'm getting?

This will be printed on every invoice.

* Please note that all machinery (product codes beginning SEM) is not included in the discount structure. See our terms and conditions opposite.

STANDARD TERMS AND CONDITIONS OF SALE

Payment Terms & Title

If you have an established credit account, our terms are 30 days from invoice date and all goods will remain the property of Keylink Limited until paid for in full. If you do not have a credit account, your order will only be processed once full payment has been received. Payment can be made in any of the following ways:

GBP payments - by credit/debit card, direct bank transfer or cheque (subject to a delay of 5 working days for clearance).

EURO payments - by credit/debit card or direct bank transfer. We regret we do not accept cheques denominated in euros.

Please note that as part of our Fraud Prevention Measures, all payments by credit or debit card are subjected to stringent security checks including address and postcode verification. Any transactions where one or more of these checks are failed may be rejected by our Payment Services Provider. For your added protection, we do not store your card details.

Setting up a Credit Account

To set up an account, you should fill in a customer details form which can be sent to you or downloaded from our website. Please note that credit facilities may be reduced or withdrawn without notice if invoices are not paid in accordance with our standard payment terms.

Prices & VAT

All prices are quoted net of VAT and may be subject to alteration at any time and without prior notification. Prices are correct at time of going to press, errors and omissions excepted. Please note that we will always endeavour to maintain up-to-date prices on our website.

For orders dispatched and invoiced to customers in EU countries, UK VAT will not be charged provided we have a verified local EORI number for you. Import duties may also be payable by you separately, if applicable.

Invoices and statements

Invoices and statements are delivered by email. Customers requiring invoices and statements to be posted will be charged £1.50 + VAT per order. Customers can update their email preferences at: www.keylink.org/consentmanager or call 0114 245 5400.

Discount Policy

You can benefit from one of the following discount structures based on your annual turnover:

Price Band Discounts – if eligible, you will receive a fixed discount of 3%, 5% or 10% on all your orders, depending on your turnover with us over the previous 12 months. Price band discounts will be reviewed and automatically amended as appropriate every 3 months.

Order Value Discounts – if you are not on a price band, you will get a 5% discount on orders over £500 or a 10% discount on orders over £1000 (excl VAT).

Please note that if you opt to benefit from order value based discounts, you cannot switch back to price bands for 12 months. Your discounts may be withdrawn without notice if invoices are not paid in accordance with our standard payment terms. Keylink also reserve the right to make changes to the discount structure without prior notice at any time.

Stock Availability & Delivery Options

Guaranteed Same Day Dispatch

Your order will be sent out on the same day for next business day delivery (UK mainland only) provided that:

- Keylink is open and trading on that day.
- Your order is received by us before 2pm (before 11am for palletised orders)
- All the items on your order are in stock and no samples, cutting, assembly or foil-blocking are required as part of the order.
- There are no outstanding account/credit related issues.

Please note that in exceptional circumstances, particularly in the run-up to Christmas, we reserve the right to change the terms of this guarantee or suspend it entirely, without prior notice, although we will still always do our best to dispatch urgent orders the same day.

Out-of-Stock Items

If most items on your order are available, we will normally send out what we can with the balance to follow in a single delivery at our cost once all the remaining items become available. If a significant proportion of the items on your order are not in stock, we reserve the right to delay dispatch of the whole order until everything becomes available.

Please note that if you are based in the Scottish Highlands or overseas, we will only dispatch out-of-stock items with your next order.

Shelf Life

Many products have a specified shelf life from the date of manufacture. As products may reach us with only half of their full shelf life remaining and, as they may then be in stock at Keylink for a short period, we can only endeavour to ensure that products have at least one third of their shelf life remaining at the time they are supplied to you. If this is not acceptable to you, please notify us at the time of placing your order.

Delivery Charges & Times

UK Mainland (excl. Scottish Highlands)

Orders over £150 ex VAT are delivered free of charge. For orders below £150 ex VAT, there will be a delivery charge of £7 (plus VAT). Delivery will be on a next day service.

UK Highlands and Islands

Delivery will be on a 2 day service with delivery charged as a percentage of order value, subject to a minimum delivery charge per order.

Region	Delivery Charge %	Minimum Charge
Northern Ireland	7%	£12.00
Scottish Highlands & Islands	5%	£10.00
Channel Isles & Isle of Man	7%	£12.00
Scilly Isles	20%	£12.50

Orders from EU Countries and Rest of World

Delivery will be charged as a percentage of order value, subject to a minimum delivery charge per order.

Please refer to our website for an up-to-date tariff, transit times and exclusions.

For larger orders, please contact us directly as we may be able to offer you better carriage rates. In addition, our carriers may charge a separate customs clearance charge which will be payable directly by you.

Where delivery dates are given, they are given in good faith and in the event of a delay, Keylink Limited will not be liable for any consequences of such a delay and shall remain entitled to deliver the goods to you and to receive payment for them. Where a delivery date has not been specified by you, or you have not taken delivery of an order within one month of the scheduled delivery date, we will be entitled to deliver the goods to you and to receive payment for them.

Timed Deliveries

Where a delivery has to be booked in or is requested for a specific time, an extra charge may be made for this service.

Aborted Collections (UK Orders only)

If a collection is aborted because there is no one at the collection address, a charge of £10 may be made to cover the additional costs invoiced to us by our carrier.

Returns, Refunds & Cancellations

No goods are sold on a "Sale or Return" basis.

Orders for standard items may be cancelled at any time prior to dispatch with our consent however we reserve the right to refuse consent where items have been bought in especially for you.

Goods should be inspected at the time of delivery and any damages or shortages must be reported to us within 3 days of receipt of the goods for a credit to be given.

If you are unable to inspect the goods at the time of delivery, please ensure that the goods are signed for as "goods unchecked" from the carrier. Without this, we will be unable to make a claim from the carrier for damages.

If goods are ordered incorrectly and where we are able to accept them back, there may be a handling charge linked to the size of the consignment. In no circumstances will we accept goods back if they have been opened or returned to us in poor condition or with the original packaging marked or damaged. Orders for personalised products or 'To Order' items that have been brought in especially for you cannot be cancelled after confirmation of the order.

Liability

Keylink Limited shall not be liable to the customer for any consequential loss of any kind howsoever caused.

Please note also that with regard to product labelling:

1. You should not rely on website filters alone but should always also refer to the product specification
2. You should always check that the label on each product received matches the product specification

Privacy Policy

Our privacy policy explains how we manage your data, how it is shared, and why it is important to us. We only collect and use data in the normal course of running our business. We do not share your data with third parties except where necessary to fulfil your orders or send you information such as our catalogue.

WE USE YOUR DATA TO PROCESS YOUR ORDERS

This will be your name, company details, invoice address, delivery address, email address, phone number and VAT number (if outside the UK). This data is shared with our carriers (DPD) to enable them to deliver your order to you. With your consent, Keylink/DPD will also:

- (a) use your mobile number and/or email address to enable you to manage your delivery slot.
- (b) use your email address to send you order acknowledgements, invoices and statements

WE USE YOUR DATA TO UPDATE YOU ABOUT PRODUCTS OR TYPES OF PRODUCTS YOU HAVE RECENTLY BOUGHT OR ORDERED, OR GENERAL KEYLINK AND INDUSTRY NEWS

This information will be sent to you by Keylink in one of the following two ways:

- (i) online by message in your mailbox on the Keylink website
- (ii) offline by post or with an order

In the case of online messages, with your consent we will also use your email address to send you a copy of the message by email.

HOW WE COLLECT AND MANAGE YOUR DATA

We will collect data through the Keylink website or by phone, fax or mail.

We promise to collect, process, store and share your data safely and securely. We'll also endeavour to ensure that the other businesses we work with are just as careful with your data.

You can review and change your consent settings at any time through the 'Consent Manager' page in the 'My Account' area of the Keylink website.
